THE TOWN OF STE. ANNE
BY-LAW NO. 8-2026
SCHEDULE "A"
SPECIAL SERVICE PLAN NO. 2027-01

A Special Service Plan for the collection, transportation, processing and disposal of solid waste, compostable yard waste, and recyclable materials, pursuant to Subsection 314 of the Municipal Act.

A. Description of the Proposed Special Service

The Town of Ste. Anne wishes to continue the established special service plan for the collection and transportation of solid household waste, yard waste, and recyclable materials from residences and businesses within the Town. This special services plan will apply for the years 2027 to 2029 inclusively. This by-law replaces By- Law No. 8-2023 that is set to expire at year end 2026.

The Town of Ste. Anne has been providing these environmental health services for many years. The operation of these services consists of solid household waste collection and disposal, compostable yard waste collection and disposal, and the collection and processing of recyclable materials. Household waste does not include any hazardous or chemical wastes, motor vehicle parts, used oil, animal carcasses or any other waste not normally associated with residences. The scope of services provided are outline in the Town's Waste Management System By-Law.

The costs are comprised of the actual costs and a contribution to the Town's Machinery & Equipment Reserve Fund established for the replacement of waste collection equipment as part of the Town's Asset Management Program. An inflationary rate of approximate 3% is applied to years 2028 and 2029.

Further, the Town previously prepared and passed Special Service By-Laws to recover the cost of these services on a per parcel (property) basis. Council, under by-law 8-2026, is proposing to continue to tax an amount on each property benefiting from the services on a per parcel basis, as Special Service By-Law No. 8-2023 has expired as of December 31st, 2026.

B. Special Service area to be levied

Special Service area to be levied under this proposal will be all property (taxable, grant-in-lieu and otherwise exempt) receiving solid household waste, yard waste, and, recyclable material collection, transportation and disposal services within the limits of the Town of Ste. Anne. Vacant lots and railway property are excluded until such a time they should start receiving the aforementioned services.

C. Cost of the Service 2027, 2028 and 2029

The summary of estimated costs outlined below is for the operation of the various services detailed in this plan.

The estimated costs do not take into consideration any amortization of fleet or equipment which are used in the operations of the above. The estimated costs do make for a provision of replacement of a fleet asset used in the operation of this service that is expected to be replaced in 2030, with an allocation to the Town's Machinery Replacement Reserve Fund in each year under this special service plan.
