

## What is a Variance and a Minor Variance?

A Variance is an alteration or change of standard prescribed under the current Town of Ste. Anne Zoning By-Law. A Variance shall be considered only in cases of undue hardship or practical difficulties particular to the use, character or situation of land or building which is not generally common to other land in the same district.

A Minor Variance is a minor alteration or change to a standard prescribed by the current Town of Ste. Anne Zoning By-Law. The approving authority is the Chief Administrative Officer or their designate. A Minor Variance may or may not be granted at the discretion of the Chief Administrative Officer, and shall not exceed fifteen (15) percent of any height, distance, area, size, intensity of use or parking space requirement of the current Town of Ste.
