
IMPACT OF REASSESSMENT 2025 TOWN OF STE. ANNE

1. OVERVIEW OF REASSESSMENT 2025

- This report provides Council with an overview of the impact of Reassessment 2025 in your municipality.
- For 2025, the assessed values of all properties will be updated to April 1, 2023 market values (reference date), from April 1, 2021 market values. Property assessments were last updated in 2023.
- The updated assessments will be used for 2025 property taxes.
- This report will provide details on:
 - how taxable assessments have changed in your municipality and across the province
 - how Reassessment 2025 will impact municipal and school taxes.
- Impacts in this report reflect Reassessment 2025 modeling. Some assessment changes could still occur in your municipality that affect actual impacts.

2. OBJECTIVES OF REASSESSING PROPERTY

- The objectives of the province-wide reassessment are:
 - **Equity.** All properties across the Province are regularly reassessed to ensure assessments keep pace with changing market conditions.
 - **Fairness.** Property taxes are paid according to the market value of property. Keeping assessments current is one way to ensure everyone pays their fair share of taxes.
 - **Greater ratepayer understanding.** Updating assessments makes it easier for property owners to understand and evaluate their assessments.

3. CHANGES IN ASSESSMENT

- The reassessment reflects how property values have changed since the last reassessment in 2023. These can be attributed to a combination of:
 - changes to the supply and demand for real estate
 - new construction
 - improvements to existing properties.
- The Province's taxable assessment has increased by \$13.2 billion (13%) to \$111.2 billion (from \$98 billion).
- Your municipality's taxable assessment has increased by \$24 million (18%) to \$159 million (from \$135 million).

4. IMPACT OF REASSESSMENT 2025 ON PROPERTY TAXES

- Assessment increases/decreases resulting from reassessment do not necessarily mean tax increases/decreases. Property assessment simply provides the basis for distributing taxes among property owners.
- Tax rates (mill rates) are set by:
 - Council ⇒ Municipal Levy
 - School Division ⇒ Special Levy
 - Province ⇒ Education Support Levy
- Shifting of the three tax levies occurs between and within property classes when property assessments increase or decrease relative to the average (on a municipal, school division and province-wide basis). Only properties seeing above average assessment increases will likely have an increase in taxes.
- The impact of Reassessment 2025 on property taxes (General Municipal Levy, Special Levy and Education Support Levy) in your municipality is shown on the following pages. Impacts do not take into account other taxes levied on a part of your municipality (e.g. local improvement and special services levies).

Property tax impacts have been calculated using the following methodology:

- **General Municipal Levy** - A baseline for the municipal tax was determined by first applying 2023 tax levels against the 2024 assessment (to estimate the 2024 general municipal levy). For estimated 2025 general municipal taxes, the general mill rates were recalculated to raise the same amount of tax on the 2025 assessment.
- **School Division Special Levy** - The Special Levy was based on the 2023 levy amount and reflects your municipality's new share of the school division's assessment and the impact of reassessment on provincial funding to school divisions.
- **Education Support Levy** - The Education Support Levy was based on the 2023 levy amount and reflects how the assessment of properties subject to the levy in your municipality has changed relative to the assessment of all other municipalities in Manitoba. Residential and Farm properties do not pay the Education Support Levy.

- The table below illustrates how the property taxes of each class of property in your municipality are impacted by Reassessment 2025.

- Properties with an assessment increase greater than 18.1% should see a municipal tax increase.

5. COUNCIL'S OPTIONS TO MODERATE IMPACTS

- **Phase-in tax increases and decreases.** *The Municipal Assessment Act* provides council with the flexibility to phase-in substantial tax increases that property owners would otherwise find difficult to absorb. Council may, by by-law, phase-in:
 - increases and decreases in both municipal and education taxes.
 - tax changes for all, or some, property classes or individual properties.
- **Municipal Act Tax Tools.** *The Municipal Act* also provides municipalities with tax tools, such as special service levies or local urban districts, to manage the distribution of municipal taxes.
- **Establish a tax credit program.** *The Municipal Act* provides municipalities with authority to establish a financial assistance program, by by-law, to provide a tax credit for municipal taxes. Tax credit programs are flexible and Council may tailor them to fit local circumstances by setting the criteria and conditions of the credit.
- **Vary property class portion percentages.** *The Municipal Assessment Act* gives municipalities authority to vary property class portions, for municipal tax purposes. Councils may, by by-law, vary property class portions to mitigate tax shifting that occurs between property classes as a result of the reassessment. A provincial regulation is required.

6. PROVINCIAL PROPERTY TAX REDUCTION

- **Manitoba School Tax Rebate.** For 2024, owners of residential and farm properties will receive a 50 per cent rebate of their education property taxes, applied directly to their property tax statement. Owners of other properties will receive a 10 per cent rebate of their education property taxes, applied directly to their property tax statement.
